

Platform operating principles

SeePlaces is an online marketplace as defined by the Consumer Rights Act. SeePlaces presents on the website seeplaces.com offers for tourism services, which include, in particular, tours, sightseeing, additional attractions, and activities, provided exclusively by tourism businesses offering these services ("Providers"). Information about the Provider is included in each offer under the section "Provider / Organizer."

The offers come directly from the Providers. The Provider is solely responsible for the content of the offer and the fulfillment of the service according to the offer.

SeePlaces is responsible for the functionality of the website <https://seeplaces.com>. SeePlaces enables users to browse the Provider's offers on the Platform, make reservations for services or spots in tourism services, purchase these services or spots, and make payments for them using the Provider's services. Additionally, it facilitates directing inquiries about offers to the Providers via the Internet, through the Platform and the Hotline.

SeePlaces is not responsible for the content of the Provider's offer or how it is carried out, and it is not a party to the contract for the provision of tourism services. Moreover, it does not act on behalf of or in the interest of the Provider, and it is not their representative or agent acting on their behalf.
